

This is Your River

8-11 July 2014

Thames21 and Museum of London Docklands invite your class to join us for a half day of river discovery.

Through facilitated workshops and museum exploration pupils will learn how the water quality of our rivers has changed over time. What caused pollution in the past? What are our rivers like today? Pupils will leave armed with the facts and inspiration they need to help make positive changes for the future of our rivers.

Workshop 1: River Grime Through Time - overview of London's rivers and their health

Workshop 2: Pollution in the Past - What was the Great Stink? Why was London Bridge the healthiest place to live in medieval London? Discover the causes and impacts of river pollution in the past.

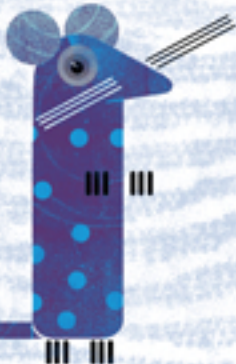

Workshop 3: Find the Facts - museum exploration of how and why change has taken place in London's rivers

Workshop 4: Pollution in the present - a hands on scientific look at our rivers today

Key stage: 2 (years 3 – 6)

Morning session 10.30am – 12.30pm or Afternoon session 12.30-2.30pm

Location: Museum of London Docklands, West India Quay, E14 4AL
